

## Welcome to our Nursery!

We would like to offer you and your child a very warm welcome to **Little Pippins Nursery at Onny C. of E. Primary School, Onibury**. We are a small village school and nursery with a strong community and supportive network of staff and parents.

The first phase of education is the Early Years Foundation Stage, which is how the Government and early years professionals describe the time in your child's life between birth and age 5. The EYFS is very important as it enables your child's development towards getting ready for school, preparing them for their future learning and successes in an engaging, exciting and play-based environment. From when your child is born up until the age of five, their early years experience should be happy, active, exciting, fun and secure; and support their development, care and learning needs.

We accept children from the age of two and also offer '24U' Nursery funded places. Three year-olds receive their 15 free Nursery hours the school term after they turn three.
